These seed varieties are available for this season. All varieties are monoecious. Data for each seed type is based on best growth situation with good soil conditions (deep, non-compacted, well-drained, humus) and water at the correct times of growth. Sowing time will depend on latitude. All following data is based on a Latitude of 48N. Growth cycle may be shorter than the given times when grown at our latitude. For more information on the European growing climate visit <https://www.hemp-it.coop> for the English catalogue.

1. Order:

- Your order should reach us no later than April 1, 2019.
- Only persons licensed to handle industrial hemp may purchase seed.
- Incomplete order forms will not be processed.
- The order should not be greater than 100% of the end needs as a grower as by law you are only allowed to sow this seed i.e. it cannot be on sold for food or other uses.
- HempGro will import and invoice for requested amounts.
- HempGro will not take back unused seed.
- Be aware that all seed bags will be in 25kg lots and so your quantities should reflect this amount. The minimum order is therefore 25kg.

2. Payment:

The part payment of 50% of the amount of the total cost of the order is to be paid upon submission of the order form. The cost is \$11/kg for HempGro members and \$16.50/kg for non-members. The balance should be paid in full a minimum of 10 working days after the seed arrives in WA. The minimum amount of any order is 25 kg and this should be paid in full upon order.

3. Delivery

You will be notified at least 10 days prior to pick up. We are aiming to have three distribution centres: Bogart, Cowaramup and Albany area. You will be expected to pick up your seed in a timely manner once full payment has been received.
